

estate-driven wineries committed to lifting place to it's highest potential

"If sack (wine) and sugar be a fault, god help the wicked."

- SIR JACK FALSTAFF

1992

In 1992, Gavin Newsom founded San Francisco's popular PlumpJack Wines on Fillmore Street on the principle of making wine buying an approachable, friendly, and non-intimidating experience of fun and discovery. Inspired by one of Shakespeare's most memorable characters, Sir John "PlumpJack" Falstaff, PlumpJack celebrates the convivial spirit of its namesake with an inviting and approachable style.

1998

John Conover joins PlumpJack as General Manager of PlumpJack Winery and future partner in CADE Estate Winery and Odette Estate Winery. He works to create an estate dedicated to crafting a wine reflective of its appellation.

2012

Located in the Stags Leap District AVA, LEED Gold Certified Odette Estate is the third winery to join the portfolio in 2012.

2022

The 129-acre Oso Vineyard was acquired, securing the future of our portfolio and becoming the main source of grapes for Adaptation.

1995

PlumpJack Winery is established in the heart of Napa Valley's Oakville region. The winery opened in 1997.

2005

Set high above the fog line on the dramatic slopes of Howell Mountain, 54 acres are purchased and will become CADE Estate Winery, opened in 2009.

2016

The 13th bonded winery in the state of California was purchased making us the largest landowners on Howell Mountain with 13th Vineyard by CADE Estate.

PLUMPJACK ESTATE WINERY

Founded: 1995

Varietals: Cabernet Sauvignon, Syrah, Merlot, Chardonnay

AVA: Oakville

Winemaker: Aaron Miller

CADE ESTATE WINERY

Founded: 2005

Varietals: Cabernet Sauvignon, Sauvignon Blanc

AVA: Howell Mountain | Elevation: 1800 ft.

Winemaker: Danielle Cyrot

ODETTE ESTATE WINERY

Founded: 2012

Varietals: Cabernet Sauvignon, Petite Sirah, Chardonnay

AVA: Stags Leap District Winemaker: Jeff Owens

13TH VINEYARD BY CADE

Founded: 1880 | Acquired: 2016 Varietals: Cabernet Sauvignon

AVA: Howell Mountain | Elevation: 1800 ft.

Winemaker: Danielle Cyrot

OSO VINEYARD

Acquired: 2022

Varietals: Cabernet Sauvignon, Petite Syrah, Sauvignon Blanc

Region: Napa Valley | Elevation: 1300 ft. Winemaker: Jeff Owens, Danielle Cyrot

THE VINEYARD

With over 100 acres under vine on Howell Mountain, we grow wine at a historic Estate dating back to 1886 and a modern Estate pushing all conventional thinking when it comes to a place and a non-interventionalist winemaking style.

13th Vineyard by CADE

- 13th bonded winery in California
- Founded in 1886
- 185 acres, 82 planted to vines

CADE Estate Winery

- Founded in 2005
- Elevation of 1800 feet
- LEED Gold Certified
- 54 acres, 21 planted to vines

The two unique properties work together to further enhance the stunning quality of CADE wines. The marriage of these two places allows us to honor the past and embrace the future!

Howell Mountain is located in the Vaca Mountains on the northeast side of Napa Valley. It was the first sub-appellation designated within the Napa Valley AVA in 1983.

CADE Estate Winery is Napa's first LEED Gold-certified winery. Vineyards in the Howell Mountain AVA are planted between 1,400 - 2,200 feet above sea level

The volcanic soil and steep grades create excellent drainage resulting in dense, concentrated fruit character while cloud inversion allows maximum daily sun exposure and increased photosynthesis which develops phenolic ripeness as compared to sugar ripeness.

- Founded in 2005
- Elevation of 1800 feet
- LEED Gold Certified

green, elevated

We are proud to be Napa Valley's first organically farmed, LEED Gold Certified Estate Winery. In 2010, CADE Estate Winery was awarded LEED (Leadership in Energy and Environmental Design) Gold Certification by the U.S. Green Building Council.

60% OF CADE PROPERTY IS
MAINTAINED AS NATURAL LANDSCAPE

99% ANNUAL AVERAGE ENERGY NEEDS GENERATED BY SOLAR PANELS

67% REDUCTION IN OVERALL WATER CONSUMPTION

BENEFITS TO BUILDING LEED

- Minimizes the environmental impact on your land and the land of your neighbors
- Conserves water, energy and materials
- Enhances the importance of social responsibility to that of the construction team and employees
- Healthier work environment for your employees
- It's the right thing to do

As the crow flies, about a half mile over the mountain from our modern CADE Estate, lies the seldom told story of an extraordinary winery sitting on top of a special piece of land.

13th Vineyard, a name inspired by its roots as the thirteenth bonded winery in the state of California, dates back to the late 1800s when Jean Brun, a native of Bordeaux, and Jean V. Chaix, were one of the first to plant Medoc grapes on this Howell Mountain Estate. Shortly thereafter, in 1886, the duo built a three-story gravity fed winery made of stone.

This property not only gave us an opportunity to rediscover the past, but it allowed us to grow into the future by expanding our production of CADE Estate driven wines, many of which are made in this historic stone winery.

13th Vineyard by CADE

Say Hello to Danielle Cyrot

Winemaker, CADE Estate Winery and 13th Vineyard by CADE

Danielle Cyrot grew up in Orange County, California to a French father and Irish mother. Her childhood was spent summering in France where she was exposed to the winemaking history of her family from a young age. Her great-grandfather was the last in a long line of ancestors who owned the Cyrot vineyard in Burgundy's prestigious Côte de Beaune.

Danielle enrolled at the University of California, Davis with no plans to carry on her family's legacy in winemaking. That quickly changed when she took an introductory winemaking class and realized she had found her calling. At Davis, Danielle worked harvests at both Schramsberg and Artesa in the Napa Valley, where she learned the trade from the soil up. After completing her studies, earning a Bachelor of Science in Viticulture and Enology, Danielle worked abroad at wineries in Alsace, France and South Australia.

After honing her skills overseas, Danielle came back to the Napa Valley and took a job as an enologist at Stags' Leap Winery. Danielle's talents were quickly recognized as she was promoted to assistant winemaker under her mentor, Robert Brittan. During her six-year tenure at Stags' Leap Winery, Danielle learned to trust her palate and create world-class wines that merited her next promotion as winemaker at St. Clement. Danielle spent seven years creating elegant, structured and significant wines that expressed her personality and what she likes in a glass of wine.

Danielle lives with her college sweetheart in Napa balancing work and play as well as their toddler-son, Blake. Danielle joined CADE Estate Winery in August of 2012 where she focuses on crafting wines from her two favorite varietals, Sauvignon Blanc and Cabernet Sauvignon. CADE Estate Winery produces two Sauvignon Blanc offerings (Napa Valley and Oakville Estate) as well as three Cabernet Sauvignon offerings (Napa Valley, Estate Howell Mountain and Reserve Howell Mountain).

CADE ESTATE Wilnes

Despite all the science behind finding the perfect site to grow grapes: the soil, row orientation, micro climate, rootstock; every growing season is different. What worked well one year will not produce the same quality the next year. I must continue to look for the perfect combination of grapes, barrels, and winemaking practices. It is an ever-changing field of study that keeps me on my toes. That's why I love it!"

- DANIELLE CYROT, WINEMAKER

2021 CADE Sauvignon Blanc, Napa Valley

VINEYARD NOTES

In 2021, 28% of the fruit came from our Estate vineyard in Oakville and 18% from the CADE 13th Vineyard on Howell Mountain. We also worked with three other properties: Stanley Vineyard (24%), Berggruen in St. Helena (20%), and Juliana Vineyard in Pope Valley (10%). The grapes were harvested from August 6th through September 9th, 2021.

FERMENTATION & AGING

Fermentation was carried out in a combination of stainless-steel tanks and drums (87%) and new French oak barrels (9%). Ten different strains of yeast were used to ferment the juice. Fermentation lasted for an average of 20 days at an average temperature of 56.00 F with no malolactic fermentation occurring. The wine aged in stainless steel tanks and barrels for five months. The barrels and stainless-steel drums were aged sur lies without stirring the lees.

WINEMAKER IMPRESSIONS

Our 2021 Sauvignon Blanc has aromas of guava, green apple, lemon, lime, white peach, lemon grass, green melon, and orange blossom. In the palate are flavors of citrus, banana, Meyer lemon, pineapple, mango, lemon meringue, cantaloupe, and grapefruit. The wine finishes with a bright acidity, a touch of minerality, and a nice creamy mid palate texture.

Sourcing Sauvignon Blanc fruit from all over Napa Valley gives the wine great complexity in aroma and flavor. Fermenting the juice in stainless steel preserves the wonderful, varied fruits of the Sauvignon Blanc grape. The small portion of juice that is fermented in new French oak barrels gives the wine a bit of texture and creaminess which helps balance the natural bright acidity of the grape. The addition of Semillon brings acidity, minerality, and a touch of lemon grass to the wine. The Viognier adds the orange blossom, cantaloupe, and viscosity to the wine.

BOTTLING

Bottled March 1st - 2nd, 2022

Production: 5,860 Cases

Varietals: 84% Sauvignon Blanc

12% Sauvignon Blanc Musqué

2% Semillion

1% Viognier

Alcohol: 14.2%

Danielle Cyrot, Winemaker, CADE Estate Winery

2018 CADE Estate Cabernet Sauvignon, Howell Mountain

VINEYARD NOTES

The CADE Howell Mountain Cabernet Sauvignon is sourced from five vineyards on Howell Mountain, including the CADE Estate Vineyard, 13th Vineyard, Ink Grade Vineyard, Cold Springs, and Eagle Summit. The bountiful 2018 vintage started on September 26th, with fruit from the Ink Grade Vineyard and finished on November 9th with fruit from 13th Vineyard.

FERMENTATION & AGING

The majority of the fermentations went through a very short maceration time between 4 and 6 days and hot fermentation temperatures, peaking at 92 F. The must was pressed off at between 20 -12 Brix and fermentation was allowed to finish in tank or barrel. The resulting wines have amazing color and big intensity.

ÉLEVAGE

The wine received 19 months barrel aging in 100% French oak from more than 20 Coopers (67% new). Malolactic fermentation occurred in barrel immediately after primary fermentation. The wine was racked quarterly once malolactic fermentation was complete.

WINEMAKER IMPRESSIONS

OUR THOUGHTS

The resulting wine is fantastic with aromas of clove, cranberry, raspberry, coffee, cinnamon, black pepper, and coco nibs. Gloriously pure notes of boysenberry, graphite, blackberry, coffee and dark chocolate soar from the glass and cascade over the palate. The wine is full-bodied, with an opulent, velvety texture, pure, rich with firm tannins and bold structure that is classic Howell Mountain.

BOTTLING

Bottled June 12th-22nd, 2020

Production: 747 Barrels

Varietals: 87% Cabernet Sauvignon

6% Malbec

4% Merlot

3% Petit Verdot

Alcohol: 15.6%

Danielle Cyrot, Winemaker, CADE Estate Winery

The 2018 Cabernet Sauvignon Estate comes all from the estate on Howell Mountain and is 87% Cabernet Sauvignon, 6% Malbec, and the balance Merlot and Petit Verdot. More blue fruits, bay leaf, candied violets, orange blossom, and floral notes emerge from this full-bodied beauty, which reveals a rounded, sexy texture, polished tannins, and a great finish. Give bottles just a few years in the cellar and it's going to keep for 15+." – JD

JEB DUNNUCK

The 2018 Cabernet Sauvignon Estate is a total knock-out. Winemaker Danielle Cyrot has done a tremendous job taming the Howell Mountain tannins. There is still plenty of power and structure, but all the elements are so well balanced here. Inky dark red fruit, iron, new leather, blood orange, spice, a kiss of new French oak and game build in an opulent, brooding Cabernet loaded with personality." -AG

2018 CADE Reserve Cabernet Sauvignon, Howell Mountain

VINEYARD NOTES

The CADE Estate is situated on a 54 acre property with 21 acres planted to vines. Located in the heart of Howell Mountain, our CADE Reserve vineyards sit at elevations ranging from 1,500 to 1,850 feet and is planted Cabernet Sauvignon, Malbec, and Petit Verdot. The 2017 vintage also features fruit from our newly acquired 82 acre property on Howell Mountain, 13th Vineyard. Fruit was harvested from September 28th through October 25th.

FERMENTATION & AGING

The fruit was hand picked, destemmed/whole berry, hand sorted, and pumped into small stainless steel fermentation tanks. The must was kept at 50°F for a two day cold soak. Fermentation was hot and fast with temperatures reaching a maximum of 92°F and the juice macerating on the skins/seeds for 5-7 days.

ÉLEVAGE

The wine was aged for 20 months in 100% New French Oak barrels. Only free run wine was used in the blend, no press fractions were selected. Racking occurred immediately after the completion of malolactic fermentation, then on a quarterly basis until bottling.

WINEMAKER IMPRESSIONS

The 2017 Reserve Cabernet Sauvignon has amazing aromas of boysenberry jam, black cherry, milk chocolate, roasted coffee, rose petal, and brown spices. In the palate are flavors of raspberry, cherry cola, dark chocolate, caramel, vanilla, black pepper, and raspberry. The texture of this wine is exceptionally silky for Howell Mountain. The intensity and persistence of this wine in the palate showcases the beauty and structure of our hillside vineyards.

BOTTLING

Bottled July 30th, 2019

Production: 56 Barrels

Varietals: 94% Cabernet Sauvignon

5% Malbec

1% Petit Verdot

Alcohol: 15.6%

Danielle Cyrot, Winemaker, CADE Estate Winery

Another inky hued release from this team and offers a thrilling nose of blueberries, black cherries, iron, cedar pencil, and bouquet JEB DUNNUCK garni. These carry to a full-bodied wine with beautiful mid-palate density, a soft, expansive texture, building tannins, and a gorgeous finish. Ranking with the top handful of wines in the vintage, it's going to evolve gracefully for 20-25 years or more.— JD

The 2018 Cabernet Sauvignon Reserve displays a deep garnetpurple color and notes of blackcurrant cordial, plum pudding, dried mulberries and mincemeat pie with touches of Indian spices, chargrill, dried Mediterranean herbs and charcoal. Full-bodied, the palate is chock-full of black fruit preserves flavors with an herbal lift and a grainy texture plus just enough freshness, finishing on a lingering smoked-meat note."- LPB

Laced with dark red/purplish berry fruit, blood orange, mint, spice and rose petal. Unctuous and deep, with striking balance and tons of allure, the Reserve is superb today. This is an especially rich, creamy style for Howell Mountain, but all the elements are very nicely woven together. Here, too, tannins are beautifully integrated." - AG

PlumpJack Winery sits squarely in the heart of Napa Valley's renowned Oakville region, surrounded by a 42-acre estate vineyard highly regarded for the quality of its Cabernet Sauvignon.

The east side of our vineyard lies along the foothills of the Vaca mountain range and yields grapes with the kind of bold fruit character that comes from well-draining, Aiken, hillside soils.

To the west, our vines take root in loamy clay soils, for grapes with softer, more supple varietal character.

Say Hello to Aaron Miller

Winemaker, PlumpJack Estate Winery

As Head Winemaker for PlumpJack Winery, Aaron Miller brings over a decade of wide-ranging experience and an extensive education to the position, holding a Master of Science in Viticulture and Enology from UC Davis. A California native, he found his calling in the wine industry and planted roots in Napa. Miller is dedicated to crafting Oakville Cabernet that not only showcases the terroir of the estate's 42 acres, but also to crafting Oakville Cabernet Sauvignon in the PlumpJack style.

"My goal is always to make wine that is strong enough to stand on its own, yet elegant enough to be enjoyed with food," says Miller. "The soil profile at PlumpJack allows for such complexity – simultaneously light and dense. That diversity necessitates preparedness. When it comes to winemaking, I think ten steps ahead, and then act. Being well prepared is critical in order to find the balance between the science and the art of winemaking."

Miller graduated from UC Davis with a Bachelor of Science in Neurobiology, Physiology, and Behavior before continuing on to receive his Masters. After being published in the American Journal of Enology and Viticulture and interning in Italy and New Zealand, Miller held positions at Groth Winery and Lewis Cellars. Miller, a life-long fermenter, can often be found brewing beer and making cheese when not spending his spare time with his wife and family.

2020 PlumpJack Reserve Chardonnay, Napa Valley

VINTAGE

The Napa Valley had very low rainfall heading into the 2020 growing season. Overall, our vines had shorter shoot growth than is typical and our crop was smaller than normal. With a light crop and warmer spring and summer, the Chardonnay harvest got off to an early start. The grapes were quite small and the flavors were very concentrated, and this concentration and depth of flavor was captured in the resulting wine.

VINEYARDS

Our Chardonnay grapes are grown in two vineyards in the Napa Valley – one in Los Carneros and the other in St. Helena. At just 30 miles apart, Los Carneros can be 10 -15 degrees cooler than St Helena. Due to this difference in temperature along with important differences, such as soil type, these two vineyard sites vary greatly in character and expression. When blended, these differences in expression add layers and layers of flavor to the nose and palate.

FERMENTATION & AGING

Our Reserve Chardonnay was fermented and aged in 64% stainless steel tanks and 36% French oak Burgundy barrels. These fermentations were kept cool – 52 to 55 degrees F – to preserve the fresh fruit aromatics. The use of stainless steel also helps to retain the fresh, varietal character, while the oak adds depth and complexity. We do not allow this wine to undergo malolactic fermentation so that we can preserve the vibrant and lively acid on the palate along with the fresh aromatics.

WINEMAKER IMPRESSIONS

The nose of the 2020 PlumpJack Chardonnay opens with a range of citrus notes – lemon, orange zest, pomelo, and key lime. Just behind these are the rich tropical notes of lychee and feijoa along with the sweeter, more delicate aromatics of white peach and honeysuckle. Underneath all of this is a hint of toasted hazelnuts and spice. The palate has similar flavors and a creamy texture reminiscent of lemon curd. The vibrant and bright acidity balances the creaminess and gives this wine life. This acidity, along with the beautiful structure, delivers an enduring finish.

Blend: 100% Chardonnay

Production: 3,534 cases

Alcohol: 14.2%

Aaron Miller, Winemaker, PlumpJack Estate Winery

2021 PlumpJack Reserve Chardonnay, Napa Valley

VINTAGE

The Napa Valley received only about one-third of our average rainfall in 2021 and it showed in the vineyards. The vines were stressed and yields were extremely low. While this isn't good for business, it's great for wine quality. The grapes were small and flavors were highly concentrated, which allowed us to craft wines of great intensity and depth. And with the deft hands of our winemaking team, we were able to maintain focus, precision, elegance, and beauty in these wines.

VINEYARDS

Our Chardonnay grapes are grown in two vineyards in the Napa Valley – one in Los Carneros and the other in St. Helena. At just 30 miles apart, Los Carneros can be 10 -15 degrees cooler than St Helena. Due to this difference in temperature along with important differences, such as soil type, these two vineyard sites vary greatly in character and expression. When blended, these differences in expression add layer upon layer of flavor to the nose and palate creating a beautiful and complex Chardonnay.

FERMENTATION & AGING

Our Reserve Chardonnay was fermented and aged in 63% stainless steel tanks and 37% French oak Burgundy barrels. The fermentations were kept cool at 52-55°F to preserve the fresh fruit aromatics. The use of stainless steel also helps to retain the fresh, varietal character, while the oak adds depth and complexity. We do not allow this wine to undergo malolactic fermentation so that we can preserve the vibrant and lively acid on the palate along with the fresh aromatics.

WINEMAKER IMPRESSIONS

The 2021 PlumpJack Chardonnay boasts aromatics of baked pear and apple layered with tropical notes of kiwi, lychee, and melon, while still allowing the more delicate aromas of white peach and honeysuckle to shine through. The palate has ample weight and a creaminess reminiscent of a lemon curd, which is beautifully balanced by a bright and lively acidity that lends this wine it's energy and length.

Blend: 100% Chardonnay

Production: 3,254 cases

Alcohol: 14.2%

Aaron Miller, Winemaker, PlumpJack Estate Winery

2018 PlumpJack Merlot, Napa Valley

VINTAGE

The strategy for the 2018 vintage was patience. The spring was cooler than the last several years. The vines woke up a little later, grew more slowly, bloomed later, and veraison was later. Cooler than normal temperatures persisted throughout the summer and into fall. And the grapes ripened very, very, very slowly. Weeks would pass with little progress. Flavors were slow to develop and the grapes remained firm and the skins thick. Rains threatened the vintage with about 1.5 inches falling on October 1st. More rains were forecast to follow, but they did not develop. Fortunately, the weather warmed in October and we were able to let the grapes hang until they reached maturity. Our last grapes came through the cellar door on November 6th, which was the latest close to the harvest in our history.

FERMENTATION & AGING

Our Merlot grapes were cold soaked for three to five days before the onset of fermentation. The fermentation was then allowed to reach a maximum temperature of 92 degrees F and pressed off the skins after 8–10 days. The wine was then moved into oak barrels where they underwent malolactic fermentation. Seventy percent of these barrels were new barrels and the balance were once-filled barrels. Ninety percent of our Merlot barrels were French Oak Bordeaux barrels and 10% were American Oak barrels.

WINEMAKER IMPRESSIONS

Our Merlot vineyard is in the Oak Knoll region of the Napa Valley, and is nestled up to the Mayacamas Mountain Range on the west side of the valley. The mild climate and alluvial soils in this region lend this wine great balance and structure. The mild temperatures allow these grapes to develop bright aromatics and flavors, along with a beautiful natural acidity and elegance. The alluvial soils bring darker fruits to the nose and palate, and give this wine its structure and concentration. The 2018 vintage has a beautiful and complex nose - black cherry, boysenberry jam, plum, and fresh cut flowers come through first, then cardamom, nutmeg, and a touch of cocoa and vanilla enter giving the nose depth and intrigue. The palate too has great depth and complexity – flavors of red cherries, muddled berries, and dried herbs, with a creamy texture and silky tannin complimented by a fresh, vibrant acidity.

Varietals: 94% Merlot, 4% Cabernet Sauvignon, 2%

Malbec

Alcohol: 15.4%

2019 PlumpJack Merlot, Napa Valley

VINTAGE

Near record rainfall. Late budbreak. Late bloom. Late veraison. Late ripening. For the second vintage in a row, the key to the vintage was patience. The vines emerged from their dormancy later than is typical and they reached all their milestones later as well. As in 2018, it seemed the grapes would never ripen. So, we waited. Then, in early October, everything began to change. The flavors in the grapes grew deeper and richer, the skins began to grow thinner, and the color of the grapes was more easily extracted from the skins. Our patience paid off and the resulting wines are just stunning.

FERMENTATION & AGING

Our Merlot grapes were cold soaked for three to five days before the onset of fermentation. The fermentation was then allowed to reach a maximum temperature of 92 degrees F and F pressed off the skins after 8 10 days. The wine was then moved into oak barrels where they underwent malolactic fermentation. Seventy percent of these barrels were new barrels, and the balance were once-filled barrels. Ninety percent of our Merlot barrels were French Oak Bordeaux barrels and 10% were American Oak barrels. The coopers used include Sylvain, Taransaud, Nadalie, and Demptos. A touch of Malbec was added to the blend to add depth and weight to the palate. The Merlot was aged for 18 months before bottling.

WINEMAKER IMPRESSIONS

Our Merlot vineyard is in the Oak Knoll region of the Napa Valley and is nestled up to the Mayacamas Mountain Range on the west side of the valley. The mild climate and alluvial soils in this region lend this wine great balance and structure. The mild temperatures allow these grapes to develop bright aromatics and flavors, along with a beautiful natural acidity and elegance. The alluvial soils bring darker fruits to the nose and palate and give this wine its structure and concentration. The 2019 vintage has a beautiful and complex nose layers of black cherry, boysenberry, black currant, and fresh cut flowers come through first, followed by cinnamon, cardamom, nutmeg, and a touch of cocoa. The palate, too, has great depth and complexity flavors of black cherries, muddled berries, dried herbs, and dark chocolate. The palate has a creamy texture and silky tannin complimented by a fresh, vibrant acidity that lends this wine great length.

2018 PlumpJack Syrah, Napa Valley

VINTAGE

The strategy for the 2018 vintage was patience. The spring was cooler than the last several years. The vines woke up a little later, grew more slowly, bloomed later, and veraison was later. Cooler than normal temperatures persisted throughout the summer and into fall. And the grapes ripened very, very, very slowly. Weeks would pass with little progress. Flavors were slow to develop and the grapes remained firm and the skins thick. Rains threatened the vintage with about 1.5 inches falling on October 1st. More rains were forecast to follow, but they did not develop. Fortunately, the weather warmed in October and we were able to let the grapes hang until they reached maturity. Our last grapes came through the cellar door on November 6th, which was the latest close to the harvest in our history.

FERMENTATION & AGING

Sixty-three percent of our Syrah grapes were destemmed and fermented in stainless steel tanks. These grapes were cold-soaked for 4 days, then fermented at a maximum temperature of 92F, and were pressed off the skins after 8-10 days. The remaining 37% was whole-cluster fermented in open-top tanks and barrels. These grapes were fermented at a maximum temperature of 87F, and the wine was pressed off the skins after 7 – 8 days. After pressing, the wine was transferred to French Oak Burgundy barrels where it underwent malolactic fermentation. The wine was kept on heavy lees for several months and was stirred twice a month during this time. The coopers used in this wine include Francois Freres, Meyrieux, and Sirugue, of which, 78% were new barrels. The wine was aged in these barrels for 16 months prior to bottling.

WINEMAKER IMPRESSIONS

Our 2018 Syrah was grown in the cooler Carneros region of the Napa Valley. This cooler climate lends this wine its defining characteristics. The nose is packed with spices and white pepper, plum, blackberry, blueberry, and red cherry, and underneath, there is a suggestion of grilled meats. The flavors on the pallet are plum, berries, spices, and peppercorn with blueberries and cocoa lingering on the finish. The palate is full and rounded with firm tannin and a beautiful acid providing the backbone and length.

Production: 57 Barrels
Varietals: 100% Syrah

Alcohol: 15.4%

2019 PlumpJack Syrah, Napa Valley

VINTAGE

Near record rainfall. Late budbreak. Late bloom. Late veraison. Late ripening. For the second vintage in a row, the key to the vintage was patience. The vines emerged from their dormancy later than is typical and they reached all their milestones later as well. As in 2018, it seemed the grapes would never ripen. So, we waited. Then, in early October, everything began to change. The flavors in the grapes grew deeper and richer, the skins began to grow thinner, and the color of the grapes was more easily extracted from the skins. Our patience paid off and the resulting wines are just stunning.

FERMENTATION & AGING

Fifty-Two percent of our Syrah grapes were destemmed and fermented in stainless steel tanks while 23% was destemmed and fermented in concrete tanks. These grapes were cold-soaked for 4 days, then fermented at a maximum temperature of 92F, and were pressed off the skins after 8-10 days. The remaining 25% was whole-cluster fermented in open-top tanks and barrels. These grapes were fermented at a maximum temperature of 87F, and the wine was pressed off the skins after 6 – 9 days. After pressing, the wine was transferred to French Oak Burgundy barrels where it underwent malolactic fermentation. The wine was kept on heavy lees for several months and was stirred once each month during this time. The coopers used in this wine include Francois Freres, Meyrieux, and Sirugue, of which, 73% were new barrels. The wine was aged in these barrels for 16 months prior to bottling.

WINEMAKER IMPRESSIONS

This Syrah is truly a wine of place and the character of this wine is dictated by the cooler climate of the Los Carneros growing region. The cooler weather helps the Syrah to fully develop ripe fruit character while retaining freshness and incredible spice. The nose on the 2019 PlumpJack Syrah opens up with a range of fresh berries – blackberry, blueberry, boysenberry, and cranberry. Just behind the fruit is beautiful warming spice – cardamom, cinnamon, and nutmeg – along with black and white peppercorn. There are additional layers of more earthy notes – damp soil, crushed granite, and cured tobacco. The palate is full-bodied, with a round, silky texture that is beautifully framed by firm yet supple tannin. This is a beautiful and complex wine.

Production: 1,084 cases Varietals: 100% Syrah

Alcohol: 15.2%

2018 PlumpJack Estate Cabernet Sauvignon, Oakville

VINTAGE

The strategy for the 2018 vintage was patience. The spring was cooler than the last several years. The vines woke up a little later, grew more slowly, bloomed later, and veraison was later. Cooler than normal temperatures persisted throughout the summer and into fall. And the grapes ripened very, very, very slowly. Weeks would pass with little progress. Flavors were slow to develop and the grapes remained firm and the skins thick. Rains threatened the vintage with about 1.5 inches falling on October 1st. More rains were forecast to follow, but they did not develop. Fortunately, the weather warmed in October and we were able to allow the grapes hang until they reached maturity.

FERMENTATION & AGING

The Estate grapes were cold soaked for 3-4 days and then fermented up to a maximum temperature of 94 degrees. The wines were drained off the skins after a total maceration of 7 – 12 and racked to barrel to undergo malolactic fermentation and to age. This wine was aged in 100% French oak barrels, 78% of which were new. The coopers used were primarily Sylvain, Taransaud, Cavin, and Nadalie. The cooperage is a blend of medium, medium-plus, and heavy toast barrels from a variety of forests. This blend of coopers, forests, and toasts adds layers and aromatic complexity to the wine.

WINEMAKER IMPRESSIONS

The cooler vintage allows more of the red fruits to shine in the 2018 PlumpJack Estate Cabernet Sauvignon. The nose shows aromas of ripe cherry and raspberry, rose petal, anise, and a touch of blueberry and blackberry underneath. The barrels add layers of vanilla, toffee, nutmeg, cardamom, and cedar. These flavors come through on the palate as well, which is silky upon entry with a mouth-filling mid-palate, and showcases big and bold, yet fine and velvety, tannins throughout. The finish lingers for an eternity and eventually leaves you with the impression of baker's chocolate and espresso.

2019 PlumpJack Estate Cabernet Sauvignon, Oakville

VINTAGE

Near record rainfall. Late budbreak. Late bloom. Late veraison. Late ripening. For the second consecutive vintage, the key to the vintage was patience. The vines emerged from their dormancy later than is typical and they reached all their milestones later as well. As in 2018, it seemed the grapes would never ripen. So, we waited. Then, in early October, everything began to change. The flavors in the grapes grew deeper and richer, the skins began to grow thinner, the tannin became less astringent, and the color of the grapes was more easily extracted from the skins. Our patience paid off and the resulting wines are stunning.

FERMENTATION & AGING

The Estate grapes were cold soaked for 4-6 days to coax out more color while maintaining a velvety tannin. The grapes were then fermented up to a maximum temperature of 94 degrees. The wines were drained off the skins after a total maceration of 9 – 12 and racked to barrel to undergo malolactic fermentation and to age. This wine was aged in 100% French oak barrels, 73% of which were new. The coopers used were primarily Sylvain, Taransaud, Cavin, and Nadalie. The cooperage is a blend of medium, medium-plus, and heavy toast barrels from a variety of forests. This blend of coopers, forests, and toasts adds layers and aromatic complexity to the wine. The Estate Cabernet Sauvignon was bottled after 20 months of aging.

WINEMAKER IMPRESSIONS

The nose of the 2019 PlumpJack Estate Cabernet Sauvignon bursts with juicy fruits – blackberry, dark plum, boysenberry, and muddled raspberries. These fruit aromas mingle with notes of cardamom, cinnamon, molasses, damp earth, iron, and sage. The palate has a gorgeous, silky entry also expressing notes of blackberry, plum, spice, molasses, and sage. The wine is beautifully structured with finely integrated, velvety tannin, and finishes exceptionally long.

Production: 7, 672 Cases

Blend: 89% Cabernet Sauvignon, 6% Petit Verdot, 5%

Malbec

Alcohol: 15.4%

Displays a deep garnet-purple color and fragrant notes of Black Forest cake, crème de cassis and wild blueberries with nuances of red roses, Chinese five spice, camphor and black olive plus a hint of charcoal. Full-bodied, the decadently rich fruit has impressive freshness lifting the palate along with firm, finely grained tannins, finishing long and fragrant. – LPB

The 2019 Cabernet Sauvignon Estate is a blend of 89% Cabernet Sauvignon, 6% Petit Verdot and 5% Malbec. Deep garnet-purple in color, it charges out of the gate with bold blackcurrant and blackberry preserves scents, plus hints of tilled soil, truffles and unsmoked cigars. The full-on opulent, rich, velvety palate is decadently laden with black fruit preserves and earthy accents, finishing long with a lively lift. – LPB

PLUMPJACK RESERVE & ESTATE CABERNET SAUVIGNON, OAKVILLE

2018 PlumpJack Reserve Cabernet Sauvignon, Oakville

VINTAGE

The strategy for the 2018 vintage was patience. The spring was cooler than the last several years. The vines woke up a little later, grew more slowly, bloomed later, and veraison was later. Mild temperatures persisted throughout the summer and into fall. And the grapes ripened very, very, very slowly. Weeks would pass with little progress. Flavors were slow to develop and the grapes remained firm and the skins thick. Rains threatened the vintage with about 1.5 inches falling on October 1st. More rains were forecast to follow, but they did not develop. Fortunately, the weather warmed in October and we were able to let the grapes hang until they reached maturity.

FERMENTATION & AGING

The 2018 PlumpJack Reserve Cabernet Sauvignon is sourced primarily from the gravelly I & K blocks on the east side of our estate. These blocks were subdivided and picked into smaller lots to ensure the grapes were picked at the peak of maturity. These grapes were cold soaked then fermented at a maximum temperature of 94 degrees F and pressed once the wines obtained the desired flavor, concentration, and tannin. The wines were then racked to 100% new French oak Sylvain, Darnajou, and Taransaud barrels for malolactic fermentation and where they aged for 22 months prior to bottling.

WINEMAKER IMPRESSIONS

The long growing season in 2018 allowed these grapes to fully develop rich, dark flavors, while the mild temperatures preserved deeply hued color, great structure, and concentration. The nose begins with blackberry, boysenberry, and cassis layered with mocha and dark chocolate. Then some spice and herb come forward – cinnamon, nutmeg, graham cracker, and fresh sage and mint – adding layers, complexity, and depth to the nose. These flavors come through on the palate as well along with silky smooth, finely integrated tannin, beautiful acidity and freshness, and a long finish.

Production: 798 Cases

Varietals: 96% Cabernet Sauvignon

4% Petit Verdot

Alcohol: 15.6%

2021 PlumpJack Reserve Chardonnay

The 2021 PlumpJack Chardonnay boasts aromatics of baked pear and apple layered with tropical notes of kiwi, lychee, and melon, while still allowing the more delicate aromas of white peach and honeysuckle to shine through. The palate has ample weight and a creaminess reminiscent of a lemon curd, which is beautifully balanced by a bright and lively acidity that lends this wine it's energy and length.

2019 PlumpJack Merlot

94 POINTS | JEB DUNNUCK

The 2019 vintage has a beautiful and complex nose layers of black cherry, boysenberry, black currant, and fresh cut flowers come through first, followed by cinnamon, cardamom, nutmeg, and a touch of cocoa. The palate, too, has great depth and complexity flavors of black cherries, muddled berries, dried herbs, and dark chocolate. The palate has a creamy texture and silky tannin complimented by a fresh, vibrant acidity that lends this wine great length.

2019 PlumpJack Syrah

97 POINTS | JEB DUNNUCK

This cooler climate lends this wine its defining characteristics. The nose is packed with spices and white pepper, plum, blackberry, blueberry, and red cherry, and underneath, there is a suggestion of grilled meats. The flavors on the pallet are plum, berries, spices, and peppercorn with blueberries and cocoa lingering on the finish. The palate is full and rounded with firm tannin and a beautiful acid providing the backbone and length.

2019 PlumpJack Estate Cabernet Sauvignon 96 POINTS | VINOUS

The 2019 Cabernet Sauvignon Estate is a sumptuous, heady wine. It possesses tremendous richness and pure power from the outset. Inky dark fruit, mocha, espresso, leather and licorice infuse the 2019 with notable character. This deep, potent Cabernet delivers the goods, big time.

2018 PlumpJack Reserve Cabernet Sauvignon 99 POINTS | ROBERT PARKER

The 2018 Cabernet Sauvignon Reserve is a blend of 96% Cabernet Sauvignon and 4% Petit Verdot. Deep garnet-purple in color, the nose needs a little coaxing before revealing a gorgeous melange of baked black cherries, boysenberries and warm cassis plus hints of mocha, black olives, smoked meats and lilacs with a waft of pencil shavings. The concentrated, hedonic black fruit layers expand in the full-bodied mouth, revealing beautiful floral and savory layers with a firm frame of firm, exquisitely ripe tannins and seamless freshness, finishing with epic length.

With a strong tradition of producing award-winning wines over the last 40 years, the Stags Leap AVA is known as one of the most prestigious growing regions in the Napa Valley.

Odette Estate is the PlumpJack Group's second LEED Gold-certified winery.

With its unique microclimates, soil types and position on the valley floor, the Stags Leap District was one of the first appellations to be designated as an AVA based on the unique terroir characteristics of its soil. The soils of this region include loam and clay sediments from the Napa River and volcanic soil deposits left over from erosion of the Vaca Mountains.

MINIMIZING THE ODETTE ESTATE FOOTPRINT WITH A STATE OF THE ART WINERY

- ✓ Winery structure composed of recycled steel
- ✓ Unconditioned winery
- ✓ Individual temperature controlled fermentation tanks
- ✓ Repurposed shipping containers
- ✓ Living Roof
- ✓ Solar Panels
- ✓ Drought resistant landscaping
- ✓ Bike racks and electric car charging stations
- √ 300,000 gallon underground cistern to capture ground water

Say Hello to Jeff Owens Winemaker, Odette Estate Winery

A longtime member of the PlumpJack family, Jeff Owens directs the winemaking at our Stags Leap Estate, Odette, with incredible passion and great detail to his craft. A 2005 graduate of Cal Poly: San Luis Obispo, Jeff was part of the first graduating class in Wine & Viticulture at the University.

Spending his first harvest internship at the highly respected Cakebread Cellars here in Napa Valley, Jeff wanted an opportunity to work at a more boutique facility. After a great deal of research, Jeff handpicked a select group of wineries to apply to—one of which was PlumpJack. Hired initially as a cellar worker in early 2006, Jeff quickly rose up through the ranks becoming a vital member of the winemaking team. Promoted to Enologist, followed by Assistant Winemaker for PlumpJack, Jeff gained an intimate knowledge of the property, as well as winemaking as a whole.

In 2010 Jeff was presented an opportunity to move to Howell Mountain as CADE's Assistant Winemaker. With CADE's addition to the PlumpJack portfolio, the new winery provided an opportunity for Jeff to further expand his winemaking expertise. After two harvests on Howell Mountain, yet another opportunity for growth presented itself to Jeff with the purchase of a 3rd winery by PlumpJack, this one located in Stags Leap. Beginning in February of 2012, Jeff was named Head Winemaker for the new property– Odette Estate.

ADAPTATION Wines

Adaptation Petite Sirah

Big, bold and loaded with fruit, our Petite Sirah is sourced from vineyards planted in the warmest pockets of the northern Napa Valley.

Adaptation Cabernet Sauvignon NAPA VALLEY

A true celebration of the entire Napa Valley, this wine is crafted from five renowned Napa Valley vineyards ranging from Calistoga to Oak Knoll.

At Odette Estate Winery, we pride ourselves on producing wine that is emblematic to the place from which it's grown. Carefully crafted at our LEED Gold-certified estate winery in the Stags Leap District, our Adaptation wines demonstrate the diversity and range within the Napa Valley appellation.

Odette Estate Winemaker, Jeff Owens, hand-selects elite vineyard sources throughout the valley that reflect the unique terroir in an approachable, up-front style.

9 POINTS

900 POINTS This is sourced from a range of sites across the valley and blended with 18% Merlot and 2% Petite Sirah, designed to be enjoyed in its youth. Sweet oak supports a soft, integrated and full-bodied core of cassis, dark cherry, cedar and clove, with a moderate grip of oak and tannin. — VB

Intense, with boysenberry, blackberry and plum compote flavors gliding through. Framed by ganache and roasted vanilla notes and backed by a licorice-coated finish. For fans of the style. Drink now through 2025. 25,000 cases made. — JM

Wine Spectator

2018 Adaptation Cabernet Sauvignon, Napa Valley

VINEYARD NOTES

In 2018 we continued to work closely with our favorite local growers throughout the broader Napa Valley. The backbone of this blend comes from Ink Grade (on the back side of Howell Mountain), which provides the framework and structure to carry this wine. This site is complemented by Oso Vineyard, which is located in very close proximity, our Estate Vineyard in the Stags Leap District, Blue Tooth Vineyard down the road from Odette in Oak Knoll, and Las Amigas Vineyard in Carneros. All of these sites come together in unison to create a beautiful expression of Cabernet Sauvignon. This diversity and range within the Napa Valley has allowed us to craft a wine which showcases the unique terroir in an approachable, elegant style.

FERMENTATION & AGING

Fermentation took place in small fully jacketed stainless steel fermenters after a 48-hour cold soak at 55 F. The stainless steel fermenters showcase the purity of the fruit while preserving the freshness and allowing the terroir to shine. Maceration lasted 8-14 days at a maximum temperature of 92 F. Malolactic fermentation took place in barrel and finished up in late winter. The wine was aged in 50% new oak and 50% one-fill oak barrels with minimal racking for 18 months before bottling.

WINEMAKER IMPRESSIONS

The 2018 Adaptation Cabernet Sauvignon is opaque purple in color, presenting notes of wild blackberries, luxardo cherries, plums, creme de cassis with hints of fresh spring flowers. This full bodied expression displays beautiful ripeness with elegant, very fine, well integrated tannins and a gorgeous silky texture. Built for near term appreciation and long term potential, this forward, upfront and approachable style can be enjoyed over the next decade+.

Varietals: 80% Cabernet Sauvignon

18% Merlot

2% Petite Sirah

Alcohol: 14.6%

Jeff Owens, Winemaker, Odette Estate Winery

2018 Adaptation Petite Sirah, Napa Valley

VINEYARD NOTES

This Petite Sirah is crafted from two complimentary vineyards in the Napa Valley. Oso Vineyard which is located between Howell Mountain and Sugarloaf on the east side of Napa, and Langtry Vineyard located just outside of Pope Valley in the Northeastern corner of the Napa Valley. These two vineyards marry perfectly together by bringing power, elegance, structure and grace into one, resulting in a beautiful expression of the most underated varietals in the Napa Valley.

FERMENTATION & AGING

Fermentation took place in small fully jacketed stainless steel fermenters after a 48-hour cold soak at 55 F. The stainless steel fermenters showcase the purity of the fruit while preserving the freshness and allowing the terroir to shine. Maceration lasted 7-14 days at a maximum temperature of 92 F. Malolactic fermentation took place in barrel and finished up in late winter. The wine was aged in 50% new Burgundian oak barrels and 50% one-fill oak barrels with minimal racking for 18 months before bottling.

WINEMAKER IMPRESSIONS

The 2018 Petite Sirah exhibits the classic deep, dark, purple hue, unveiling wild blackberries, mulberries, black currants and cr me de casis with hints of violets, Asian spice and black tea. This full bodied wine is graced with remarkable poise, a beautiful texture and integrated, elegant tannins leading into the long persistent finish.

Varietals: 100% Petite Sirah

Alcohol: 14.6%

Jeff Owens, Winemaker, Odette Estate Winery

ODETTE ESTATE

wines

I want to make the best wine possible... energetic, expressive and approachable from day 1 to 25 years."

- JEFF OWENS, WINEMAKER

Cabernet Sauvignon, Estate stags leap district

The Estate Cabernet is sourced from various blacks on our 45-acre Estate in the heart of the Stags Leap AVA.

Chardonnay NAPA VALLEY

Our small production chardonnay is sourced from our friend Lee Hudson's acclaimed Carneros vineyard.

Cabernet Sauvignon, Reserve stags leap district

The Reserve is sourced from our hillside block and the outer edges of our 45-acre Estate in the heart of the Stags Leap AVA. The vines were planted between 1979–1990, making them some of the oldest amongst the AVA.

2020 Odette Reserve Chardonnay, Napa Valley

VINEYARD NOTES

This wine is crafted from the famed Hudson Ranch off
Henry Road in the Carneros AVA of Napa Valley. 2020 is the
third year working with both Block 5BS and 6S. These
unique blocks bring a combination of different attributes
that harmonize beautifully in the final blend. The adjacent
blocks are both planted to Odette Estate Winemaker Jeff
Owens' favorite selection, "old shot Wente", also referred to
as "chicks and hens".

HARVEST

In 2020 Mother Nature brought us another drought year with smaller canopies and a lighter than normal crop. The growing season stayed warm throughout the summer and into the beginning of fall, resulting in an early harvest for Chardonnay. The resulting wines possess beautiful concentration and depth of flavors that are reflective of these amazing blocks and their respective terroir.

Jeff Owens, Winemaker, Odette Estate Winery

FERMENTATION & AGING

The grapes were handpicked at night and arrived at the winery before the sunrise to ensure that fruit purity, aromatics and freshness were retained. Both blocks were 100% whole cluster pressed on a very gentle four-hour cycle. The juice was immediately racked to French Oak barrels where both native primary and malolactic fermentation took place for over 24 weeks. Each individual barrel was sur lie aged and kept separate until the final selections were ultimately determined.

WINEMAKER IMPRESSIONS

The 2020 Odette Reserve Chardonnay was 100% barrel fermented with indigenous yeast in 70% new French Oak and sur lie aged for 16 months. The long, drawn-out fermentation, also known as the "death and resurrection", adds depth and nuances that complement the concentrated and layered palate. Offering notes of Brioche, white peach, lemon curd, roasted nuts, with hints of salinity and wet stone, this "old shot Wente" selection carries a sense of purity, elegance and class that can be enjoyed both near and long term.

Production: 26 Barrels

Varietals: 100% Chardonnay

2018 Odette Estate Cabernet Sauvignon, Stags Leap District

VINEYARD NOTES

Tucked into the dramatic palisades of the Stags Leap
District, our estate vineyard sits on 45 magnificent acres.
Ultramodern architecture and design, paired with a
contemporary stance on environmental responsibility, Odette
is symbolic of the future of Stags Leap. Odette is committed
to producing full-bodied Cabernet Sauvignons that are
notable for the combination of power and finesse, while
simultaneously showcasing the unique terroir of the estate.

HARVEST

The growing season was extremely steady with moderate temperatures throughout the year. We had a very even bloom with version finishing quickly, resulting in healthy balanced yields. Lower than normal temperatures late in the season without the threat of rain, allowed for extra high time with harvest commencing in mid-October. In 2018, we flagged 25 different picks across the Estate over a 20 day span.

Jeft ami

FERMENTATION & AGING

Fermentation took place in fully jacketed stainless steel fermenters after a four day cold soak at 55 degrees
Fahrenheit. Macerations lasted 8-14 days at a maximum temperature of 94 degrees Fahrenheit. Malolactic fermentation took place in barrel and finished up in late winter. Each barrel was selected for the final blend in the spring of 2020. The wine was aged in 75% new French Oak barrels and 25% used French Oak barrels for 20 months prior to bottling.

WINEMAKER IMPRESSIONS

The 2018 Odette Estate Cabernet Sauvignon, Stags Leap District is full bodied and opaque black in color, revealing bing cherries, raspberries, blueberries, pencil lead shavings, tobacco, dried herbs, and crushed granite. It's tightly knit core, very fine tannins and firm structure lead way to the long and persistent finish. Enjoy over the next 15+ years.

Production: 4,950 Cases

Varietals: 78% Cabernet Sauvignon

10% Merlot8% Malbec

4% Petit Verdot

Full-bodied on the palate, this pure, plush, sexy Napa Valley Cabernet has sweet tannins, no hard edges, and a great finish. Seemingly all about sweet fruit and texture, it's nevertheless going to evolve for 20-25 years.— JD

JEB DUNNUCK

O S POINTS

The 2018 Cabernet Sauvignon Estate is a powerhouse. It needs time to come together, as the elements are a bit disjointed, but there is a ton of potential, that much is clear. Dark blue/purplish berry fruit, spice, lavender, chocolate and white flowers abound. I would prefer to cellar the 2018 for a few years to allow the tannins to soften. – AG

93 POINTS

The full-bodied palate is jam-packed with juicy black fruits, supported by approachable, grainy tannins and tons of freshness, finishing long with an herbal lift.— LPB

Lobut Parkey

2018 Odette Reserve Cabernet Sauvignon, Stags Leap District

VINEYARD NOTES & HARVEST

Tucked into the dramatic palisades of the Stags Leap District, our estate vineyard sits on 45 magnificent acres. As the newest addition to the beloved region, Odette looks to serve as a "breath of fresh air" to the historic District. Ultramodern architecture and design, paired with a contemporary stance on environmental responsibility, Odette is symbolic of the future of Stags Leap. The growing season was extremely steady with moderate temperatures throughout the year. We had a very even bloom with version finishing quickly, resulting in healthy balanced yields. Lower than normal temperatures late in the season without the threat of rain, allowed for extra high time with harvest commencing in mid-October. 2018 Adaptation Petite Sirah, Napa Valley

The 2018 Petite Sirah exhibits the classic deep, dark, purple hue, unveiling wild blackberries, mulberries, black currants and cr me de casis with hints of violets, Asian spice and black tea. This full-bodied wine is graced with remarkable poise, a beautiful texture and integrated, elegant tannins leading into the long persistent finish.

2018 Adaptation Cabernet Sauvignon,
Napa Valley
92 POINTS | WINE ENTHUSIAST

The 2018 Adaptation Cabernet Sauvignon is opaque purple in color, presenting notes of wild blackberries, luxardo cherries, plums, cr me de cassis with hints of fresh spring flowers. This full-bodied expression displays beautiful ripeness with elegant, very fine, well integrated tannins and a gorgeous silky texture. Built for near term appreciation and long-term potential, this forward, upfront and approachable style can be enjoyed over the next decade+.

2018 Odette Estate Cabernet
Sauvignon, Stags Leap District
96 POINTS | JEB DUNNUCK

Full-bodied on the palate, this pure, plush, sexy Napa Valley Cabernet has sweet tannins, no hard edges, and a great finish. Seemingly all about sweet fruit and texture, it's nevertheless going to evolve for 20-25 years.

2019 Odette Reserve Cabernet
Sauvignon, Stags Leap District
98 POINTS | JEB DUNNUCK

Even better, 2019 Cabernet Sauvignon Reserve is up with the crème de la crème of the vintage and is magical stuff. All varietal and, I suspect, brought up in plenty of new barrels, it offers a powerful style in its ripe cassis and blueberry fruit as well as more tobacco, graphite, and leafy herb aromas and flavors. Stunningly concentrated and full-bodied, it's another one of those rare wines that brings incredible richness and depth while holding onto a sense of purity, elegance, and weightlessness. Enjoy this Napa Valley magic over the coming 15-20 years.
